

Renaissance Homes Award Recognition

Renaissance as a company is focused on separating ourselves from the competition locally and nationally while also recognizing there is knowledge to be gained from these same groups. We are focused on leading our local market in product, quality, and new innovations.

Last year Renaissance won *Best Design Center in the US* by the NAHB's Sales & Marketing Council. Locally, Renaissance has also won 5 *Best of Show* awards at the annual Street of Dreams having entered the show only 5 times. Below is a list of other awards Renaissance is proud to mention.
